M5200 Flat Stainless Steel Mirror
Flat stainless steel mirror with deburred edges prepunched with holes for mounting. With one-way tamper resistant screws are included.

M5300-M5310 Snap Framed Stainless Steel Mirror
Combines the snap frame and the M5200 flat stainless mirror. Provides a theft proof framed, unbreakable mirror. Mirror can be replaced in the field.

M5400 Masonite Backed Stainless Mirror
With a 1/4" (6mm) return and concealed mounting, 1/4" (6mm) the masonite backing provides more rigidity. Comes with tamper proof screws are provided upon request for face mounting through 3/16" (5mm) pre-punched holes.

Meek's stainless steel mirrors are widely used in prisons, mental institutions and rest areas. They are a non breakable reflective surface for areas with a high risk of vandalism. All are Type 304, 18 gauge (1.16mm) No.8 architectural grade mirror finish. Protected during shipment with PVC covering. The No.8 stainless mirror finish differs in optic quality from mirror glass. Images have some distortion and lack of clarity of mirror glass.

GUARANTEE: Meek Mirrors gives a one year guarantee on all of their products against defects in workmanship and material.

SPECIFICATION: Product shall be Model M5300-M5310, M5400 or M5200 as manufactured by Meek Mirrors - Fort Smith, Arkansas. Above data is applicable to productions as of the date of this technical data sheet. The manufacturer reserves the right to make changes in design without formal notice.
